## **SOCIAL AND HUMANITARIAN DIMENSIONS OF COGNITIVE DYNAMICS MODERN PHILOSOPHY OF HISTORY**

### **Abstract**

Cognitive potential socio-humanitarian aspects of modern philosophy of history is also evident in the formation of new cognitive, heuristic directions, seeking to understand the dynamics and historical knowledge.

These include, in particular, the application of theories of Exact and Natural Sciences (chaos theory); adapting scientific approaches social biology and social psychology to the understanding of historical processes; study of mental and socio-cultural foundations of scientific creativity of scientists working in different areas of knowledge .

Thus, the implementation of the cognitive potential of social - humanitarian dimensions of the philosophy of history can allow research to solve the following problem:

Substantially deepen analysis humanitare and socio - cultural foundations of historical dynamics;

And likely more adequately reflect the conceptual knowledge of the historical and reconstruct their methodological basis;

To create a "smart tools" to study the socio - cultural and mental aspects of philosophical disciplines, including philosophy, science, social philosophy, philosophy of culture;

Create conditions for broadcasting intelligent philosophical - historical concepts in cognitive universuum sotsiohumanitarystyky;

Apply theoretical heritage of the philosophy of history for the study of contemporary socio - political processes, including the phenomenon of globalization.

**Keywords:** philosophy of history, social and humanyтарные measurements, historical anthropology, social history, cognytive dynamics, cognytive dialog, historical knowledge.
